

Social Media Sharing Toolkit for our New Coat Program

As another year of our new coat program gets underway, we encourage you to make the most of your donation! Be sure to take pictures when picking up or delivering your coats for your own social media platforms. Not doing a pick-up or delivery because you gave to the general fund? Then stage a picture with your employees gathered around the marketing materials we delivered to you. Any picture is a good picture when it shows how you are *More Than Auto Dealers!* Don't forget to tag us and make sure to follow our channels below.

Change your Profile Pic

All our ADAGP channels will be switching their profile pic during the month of October in honor of Driving Away the Cold Month! It's an easy thing to do to show your involvement and support of this wonderful program—and just imagine the awareness we'd bring if we all did it! You can download the image [here](#).

Continued Giving

Do you want to encourage others to give? Members of the public are invited to fund a new coat for a local child in need by texting COAT to 44321 or visiting MoreThanAutoDealers.com. Remember, a donation of just \$20.00 funds a brand-new coat. Feel free to add this language to your posts!
